FEATURES

■ CUTTING EDGE

Course material and procedure techniques are sourced from the latest literature and FOAMed information.

■ EXPERT

Taught by expert emergency medicine educators with a passion for procedural skill teaching.

■ PRACTICAL

Learn practical, critical procedural skills that you can use on your next shift in the Emergency Department or ward.

■ FACEM CPD

FACEMs can satisfy the ACEM CPD 'core' procedural skills component and multiple 'scope of practice' skills on our courses.

CRITICAL ED PROCEDURES COURSE CONTENT

SUITABLE FOR:

Specifically designed to meet the practical workplace requirements and CPD needs of advanced practitioners.

Critical ED procedures including multiple airway, breathing, circulation and scope of practice skills.

Fulfils the triennial ACEM procedural CPD requirements for FACEMs.

FACEMs ■ Senior ED Registrars ■ Advanced Emergency Medicine trainees
Rural Generalist GPs ■ Advanced ACRRM and RACGP trainees
